

SCHEDULE 12.3

NON-STANDARD COLLOCATION REQUEST

1. Ameritech shall promptly consider and analyze the submission of a Non-Standard Collocation Request (“NSCR”) that Ameritech provide: (a) an ILEC Collocation method not otherwise provided hereunder at the time of such request, (b) Adjacent Collocation, or (c) Non-Standard Bay Collocation, in each case in specific Ameritech Premises.
2. An NSCR shall be submitted in writing to the NSCR Manager noted on the NSCR Form attached hereto as Attachment 1 and shall include all information necessary for Ameritech to review and analyze such NSCR.
3. Within five (5) Business Days of its receipt, Ameritech shall acknowledge receipt of the NSCR.
4. Within ten (10) days (the “**Collo Analysis Period**”) of its receipt of all information required to be provided on the NSCR Form, Ameritech shall notify (the “**Collo Analysis**”) Requesting Carrier whether Ameritech will offer such requested Collocation method or will provide an explanation as to why Ameritech will not make such Collocation method available. If Ameritech will offer the requested Collocation method, Ameritech shall provide Requesting Carrier a price quote and estimated availability date for such development (the “**NSCR Quote**”). Ameritech shall provide an NSCR Quote as soon as feasible, but in any event not more than thirty (30) days from the date Ameritech received such NSCR and all necessary information to process such NSCR.
5. Within twenty (20) Business Days of its receipt of the NSCR Quote, the Requesting Carrier must either confirm its order pursuant to the NSCR Quote or such request shall be cancelled.
6. Requesting Carrier may cancel an NSCR at any time, but shall pay Ameritech’s reasonable costs of processing and/or implementing the NSCR up to the date of cancellation.
7. Unless Requesting Carrier agrees otherwise, all prices shall be consistent with the pricing principles of the Act, FCC and/or the Commission.

8. If a Party to an NSCR believes that the other Party is not requesting, negotiating, or processing the NSCR in good faith, or disputes a determination, or price or cost quote, such Party may exercise its rights under **Section [Dispute Res.]**.

Attachment 1

**FORM OF
NON-STANDARD COLLOCATION REQUEST FORM¹**

1) Requested by

(Company Name)

(Address)

(Contact Person)

(Facsimile Number)

(Phone Number)

(Date of Request) (Optional: E-Mail Address)

(Optional: E-Mail Address)

2) Please classify your requested Collocation arrangement:

- ☐ ILEC Collocation
- ☐ Adjacent Collocation
- ☐ Non-Standard Bay Collocation (if above items not applicable, complete only items 3 and 14)

3) The requested Collocation method will be used to:

- ☐ Interconnect with Ameritech's network; and/or
- ☐ Access Ameritech's unbundled Network Elements

¹ Fax completed form to Ameritech's NSCR Manager at (248) 443-9900.

Please provide a description of all equipment you intend to Collocate (use additional sheets of paper, if necessary).

- 4) If ILEC Collocation, please provide the name of the ILEC offering such Collocation method and attach complete copies of all rates, terms and conditions of the approved Section 251/252 agreement or effective tariff that describes such Collocation offering.

- 5) Is there anything custom or specific about the manner that you would like this ILEC Collocation method to be offered?

- 6) If possible, please include a drawing or illustration of how you would like the ILEC Collocation method to Interconnect with Ameritech's network, Premises or other facilities.

- 7) List the specific Ameritech Premises in which you want the ILEC Collocation method (use additional sheets of paper, if necessary).

- 8) Please indicate any other information that could assist Ameritech to evaluate your request for the specific ILEC Collocation method (use additional sheets of paper, if necessary).

-
-
-
-
- 9) Why have you requested the ILEC Collocation method in lieu of ordering an Ameritech Standard Collocation offering? What benefits (rates, terms or conditions) do you believe the requested ILEC Collocation method will provide?

-
-
-
-
- 10) If you are requesting Adjacent Collocation, please describe the Adjacent Collocation you seek to deploy? Please include a description of all telecommunications equipment that will be used to connect with Ameritech. (Attach additional sheets, if necessary).

-
-
-
-
- 11) Please attach a site drawing that illustrates your suggested placement of the Adjacent Structure, any connecting facilities or utilities, and Ameritech's Premises.

-
-
-
-
- 12) Please provide a specific description of the Adjacent Structure, structural and mechanical, and a list of requirements you wish Ameritech to provide.

-
-
-
-
- 13) Please attach true and correct copies of all approvals (governmental or otherwise) that you have received with respect to the placement of the Adjacent Structure and any necessary connecting facilities. Please also attach a letter signed by an officer of your company certifying, with no qualifications, that all governmental and

other approvals and permits necessary for such Adjacent Collocation have been received.

-
-
-
- 14) If you are requesting Collocation of equipment with other than Standard Bay dimensions, please attach a fully completed Collocation order form and note such equipment dimensions in the Remarks section of that form.
- 15) Collo Analysis cost payment option (Check one; applies to ILEC Collocation and Adjacent Collocation only).
- ☐ \$2000 deposit included provided, that the responsibility of [Requesting Carrier] for Ameritech's costs for Ameritech's Collo Analysis shall not exceed this deposit.
- ☐ No deposit is made and [Requesting Carrier] agrees to pay Ameritech's total Collo Analysis costs incurred up to and including the date Ameritech receives notice of cancellation.

By submitting this Request, [Requesting Carrier] agrees to promptly compensate Ameritech for any costs it incurs to process this NSCR, including costs to analyze, develop, provision, and price the NSCR, up to and including the date Ameritech receives our written cancellation. [Requesting Carrier] also agrees to compensate Ameritech for any costs incurred by Ameritech if [Requesting Carrier] fails to order the NSCR within twenty (20) Business Days of receipt of the NSCR Quote.

Requesting Carrier

by: _____

its: _____

SCHEDULE 12.9.1

PHYSICAL COLLOCATION SPACE RESERVATION

Space for Physical Collocation may be reserved on the following basis:

1. Requesting Carrier may request to reserve additional space (or bays) in an Ameritech Central Office in which the Requesting Carrier has Physical Collocation for permitted telecommunications-related equipment.
2. A reservation may be maintained only by the payment of a non-recurring charge to defray the administrative costs of the reservation system ("**Reservation Charge**").
3. The reservation can be made for an amount of space no greater than the amount of active Physical Collocation space being occupied and utilized (e.g., if Requesting Carrier is utilizing only one (1) bay in a one hundred (100) square foot space, only one (1) bay may be reserved) for Interconnection with and/or access to the Network Elements of Ameritech by Requesting Carrier in the particular Central Office.
4. The reservation takes a priority based on the date at which it is made.
5. If Ameritech receives an order for Physical Collocation in an office in which all the unoccupied space is covered by reservations, all reservations will be prioritized. The holder(s) of the lowest priority reservation(s) that when considering all higher priority reservations, still represent(s) available space sufficient to partially or completely fill the order(s) for Physical Collocation (each, an "**Option Party**") will be given written notice of its (their) option of "enforcing" or relinquishing its (their) reservation(s).

In this case, an Option Party may enforce its reservation by payment of the recurring Physical Collocation floor space charge otherwise applicable to the reservation space (in lieu of the non-recurring Reservation Charge). The reservation will be maintained until the Physical Collocation arrangement in that office is terminated or the reservation is terminated, whichever comes first. If an Option Party decides to enforce its reservation in this manner, the holder(s) of the reservation(s) with the next higher priority will be given the option of enforcing or relinquishing its (their) reservation(s).

If an Option Party declines to enforce its reservation as indicated above, the reservation is relinquished and the reservation payment is forfeited. A new reservation may be activated by payment of another Reservation Charge, but the new reservation will be given a priority based on the date Ameritech received the reactivation reservation. The holder(s) of the reservation(s) with the next higher

priority will be required to enforce or relinquish its (their) reservation(s) until such time as all Option Parties have either enforced or relinquished its (their) space reservation(s).

6. The holder of a valid reservation may place an order for Physical Collocation for the reserved space at any time. If there is sufficient unoccupied space to accommodate the order after subtracting space covered by reservations of higher priority, the order will be processed. If there is insufficient space to accommodate the order after subtracting space covered by valid reservations of Option Parties with higher priority that have been enforced, the holder's reservation shall be maintained.
7. In a Central Office, Ameritech may reserve space on the following conditions:
 - The amount of space must be the least amount of space reasonably necessary for the provision of a communications-related service -- including Interconnection and the provision of unbundled Network Elements. Except for space reserved for switch (including Tandem Switches and STPs) conversion and growth and for augmentation and conversion of mechanical and electrical support systems and building infrastructure, the reserved space must reasonably be anticipated to be used in three (3) years.
 - The total amount of space reserved cannot exceed the amount of space Ameritech is currently using in the Central Office.
8. Ameritech shall enforce its reservation in the same manner in which Requesting Carrier and other collocating Telecommunications Carriers shall be required to enforce their reservations. In that case, Ameritech may impute the floor space charge to the operations for which the space is reserved.
9. Requesting Carrier may not assign a reservation to any third party, including its Affiliate or a prospective Resident Collocator.

SCHEDULE 12.9.3

COLLOCATION CAPACITY PLANNING

By the end of Contract Month 3, Requesting Carrier and Ameritech shall jointly develop a planning process for meeting Requesting Carrier's space and intraoffice facility requirements which shall include the procedures to be followed for the Requesting Carrier quarterly forecast of anticipated additional power requirements.

SCHEDULE 12.12

DELIVERY OF COLLOCATED SPACE

1.0 Delivery of Physical Collocation Space

1.1 Upon receipt of a Collo Response, Requesting Carrier shall send written verification to Ameritech within twenty (20) Business Days that it still requires each Collocation space requested on Requesting Carrier's Collo Order for which space is available. This written verification is Requesting Carrier's firm order for service for each Collocation space requested. Subject to **Section 1.3** below, Requesting Carrier's written verification shall be accompanied by Requesting Carrier's (and, if applicable, each Resident Collocator's) payment of fifty percent (50%) of all applicable Central Office Build Out ("COBO") fees (the "**Initial COBO Payment**"). COBO modifications and additions to space described in the proposal will not begin until the Initial COBO Payment has been paid. Delayed payment of the Initial COBO Payment may delay the actual Delivery Date or, if not received by Ameritech within twenty (20) Business Days of Ameritech's Collo Response, will result in cancellation of the firm order.

1.2 So long as Requesting Carrier has a satisfactory credit rating with Ameritech for the twelve (12) month period preceding the date of Requesting Carrier's Collo Order pursuant to **Section 12.12**, Requesting Carrier shall pay the COBO charges as follows:

Initial COBO Payment:	50% of COBO charges
-----------------------	---------------------

The Date which is midway between the initial walk-through and the Delivery Date:	25% of COBO charges
--	---------------------

Completion of space conditioning:	25% of COBO charges
-----------------------------------	---------------------

1.3 If Requesting Carrier's credit rating is not satisfactory within the aforementioned period, COBO charges shall be paid 40%-40%-20% in lieu of the foregoing 50%-25%-25% schedule.

2.0 Additional Rules and Regulations Applicable to Physical Collocation Space

Physical Collocation will be provided subject to the following provisions:

2.1 Requesting Carrier will be responsible for its pro rata share of any extraordinary costs incurred by Ameritech to prepare the Collocation space for the installation of Requesting Carrier's equipment and for extraordinary costs to maintain the Collocation space for Requesting Carrier's equipment on a going-forward basis. Requesting Carrier's pro rata share will be determined in accordance with a Commission-approved methodology. Extraordinary costs may include costs for such items as asbestos removal, fire suppression system or containment,

modifications or expansion of cable entry facility, individualized DC power system infrastructure needs, increasing the capacity of the standby AC system or the existing commercial power facility requirements, installation, maintenance, repair and monitoring of security measures, conversion of non-Collocation space, compliance with federal and state requirements or other modifications required by local ordinances. Extraordinary costs do not include costs associated with maintenance and upkeep of the building.

At the initial walk-through referred to in **Section 12.12.2(b)**, Ameritech shall provide to Requesting Carrier with any information in its possession relating to Requesting Carrier's requirements for the space. Within ten (10) Business Days after the initial walk-through, Ameritech shall provide to Requesting Carrier a written proposal (the "**Collo Proposal**") that includes the extraordinary costs associated with such space, the expected Delivery Date and an estimated date for Requesting Carrier's second COBO payment, as provided in **Section 1.2**. Requesting Carrier shall acknowledge acceptance of the extraordinary costs described in the Collo Proposal by signing it and returning a copy to Ameritech within ten (10) Business Days after Ameritech provides it to Requesting Carrier.

2.2 Requesting Carrier will be responsible for notifying Ameritech of any significant outages of Requesting Carrier's equipment which could impact any of the services offered by Ameritech, and provide estimated clearing time for restoration.

2.3 Requesting Carrier is responsible for coordinating with Ameritech to ensure that services are installed in accordance with the service request.

2.4 Requesting Carrier is responsible for testing, if necessary, with Ameritech to identify and clear a trouble when the trouble has been sectionalized (isolated) to a Requesting Carrier-provided service.

2.5 Before beginning delivery, installation, replacement or removal work for equipment and/or facilities located within the Collocation space, Requesting Carrier shall obtain Ameritech's written approval of Requesting Carrier's proposed scheduling of the work in order to coordinate use of temporary staging areas and other building facilities. Ameritech may request additional information before granting approval and may require scheduling changes. Requesting Carrier must submit written plans for equipment to be installed in the Collocation space prior to commencing installation.

2.6 Ameritech has the right to inspect Requesting Carrier's completed installation of equipment and facilities and to make subsequent and periodic inspections of the Requesting Carrier's equipment and facilities occupying a Collocation space and associated entrance conduit and riser space. If Requesting Carrier is found to be in non-compliance with the terms and conditions of this Schedule, Requesting Carrier must modify its installation to achieve compliance. Ameritech will notify Requesting Carrier in advance of such inspections, and Requesting Carrier shall have the right to be present at the time of the inspection.

2.7 See Tariff F.C.C. No. 2, Section 16 for additional terms and conditions applicable to Physical Collocation.

3.0 Delivery of Virtual Collocation Space

3.1 Ameritech shall allow periodic inspections of Virtual Collocation space where Requesting Carrier equipment is located.

3.2 Ameritech shall ensure that all applicable alarm systems (e.g., power) that support Requesting Carrier equipment are operational and the supporting databases are accurate so that equipment that is in alarm will be properly identified.

3.3 See Tariff F.C.C. No. 2, Section 16.3.

SCHEDULE 12.15

COMMON REQUIREMENTS

The following requirements are applicable to both Physical Collocation and Virtual Collocation:

1. Ameritech shall allow for a Fiber Meet arrangement between the Parties' networks and facilities at the DS0, DS1, DS3, OC3, OC12 and OC48 rates pursuant to mutual agreement of the Parties.
2. Requesting Carrier may provide basic telephone service with a connection jack for the Collocated space.
3. Ameritech shall provide adequate lighting, ventilation, power, heat, air conditioning, and other environmental conditions for Requesting Carrier's space and equipment. These environmental conditions shall comply with Bellcore Network Equipment-Building System (NEBS) standards TR-EOP-000063 or other standards upon which the Parties may mutually agree.
4. Ameritech shall provide all ingress and egress of fiber cabling to Requesting Carrier Collocated spaces in compliance with Requesting Carrier's request for cable diversity. The specific level of diversity required for each site or Network Element will be provided in the request for Collocation. Requesting Carrier will pay any additional costs incurred by Ameritech to meet any special diversity requirements of Requesting Carrier which are beyond those normally provided by Ameritech.
5. Ameritech shall provide Requesting Carrier with written notice five (5) Business Days prior to those instances where Ameritech or its subcontractors may be performing non-emergency work that may affect the Collocated space occupied by Requesting Carrier or the AC and DC power plants that support Requesting Carrier equipment. Ameritech will inform Requesting Carrier by telephone of any emergency-related work that Ameritech or its subcontractors may be performing that may affect the Collocated space occupied by Requesting Carrier or the AC and DC power plants that support Requesting Carrier equipment. Notification of any emergency-related work shall be made as soon as practicable after Ameritech learns that such emergency work is necessary but in no event longer than thirty (30) minutes after such time. The Implementation Plan shall identify the points of contact of each Party for any notification required by this **Section 7**. For purposes of this **Schedule 12.15**, "**emergency related work**" means any activity related to fire, explosion, power cable cut, flood, or severe water leakage.
6. Requesting Carrier shall not be required by Ameritech to relocate its equipment during the Term. If Requesting Carrier, at Ameritech's request, agrees to relocate its equipment,

then Ameritech shall reimburse Requesting Carrier for any and all costs reasonably associated with such relocation.

7. Power as referenced in this **Schedule 12.15** refers to any electrical power source supplied by Ameritech for Requesting Carrier equipment. It includes all superstructure, infrastructure, and overhead facilities, including cable, cable racks and bus bars. Ameritech will supply power to support Requesting Carrier equipment at equipment specific DC and AC voltages as mutually agreed upon by the Parties. Ameritech shall supply power to Requesting Carrier on a nondiscriminatory basis to that provided by Ameritech to itself or to any third person. If Ameritech performance, availability, or restoration falls below industry standards, Ameritech shall bring itself into compliance with such industry standards as soon as technologically feasible.

8. Subject to space limitations and Requesting Carrier's compliance with the applicable request process and payment requirements of this Agreement, Ameritech shall provide power to meet Requesting Carrier's reasonable needs for placement of equipment, Interconnection, or provision of service.

9. Both Requesting Carrier's power equipment and Ameritech power equipment supporting Requesting Carrier's equipment shall comply with all applicable state and industry standards (e.g., Bellcore, NEBS and IEEE) or manufacturer's equipment power requirement specifications for equipment installation, cabling practices, and physical equipment layout. Requesting Carrier may not use frame grounds to get ground returns.

10. All other equipment and facilities placed by Requesting Carrier on an Ameritech Premises, including transmission equipment, cabling, maintenance equipment and monitoring equipment, shall comply with the requirements of Section 12.4.2.

11. Power plant alarms shall adhere to Bellcore Network Equipment-Building System (NEBS) standards TR-EOP-000063.

12. Cabling shall adhere to Bellcore Network Equipment-Building System (NEBS) standards TR-EOP-000063.

13. Ameritech shall provide electrical safety procedures and devices in accordance with OSHA or industry guidelines.

14. Within ten (10) Business Days after the initial walk-through, Ameritech shall provide Requesting Carrier with a copy of any existing drawings showing Requesting Carrier's proposed Collocation space and any related Ameritech facilities, and provide information relating to measurements for necessary Requesting Carrier cabling which are not obtainable from the drawings. Any copies of drawings shall be redacted so as not to provide proprietary information of other carriers. So long as Ameritech charges other Telecommunications Carriers for the provision of the foregoing drawings and information, Requesting Carrier shall reimburse Ameritech for the costs, if any, incurred by Ameritech to provide Requesting Carrier with the foregoing drawings and information.

SCHEDULE 12.16

ADDITIONAL REQUIREMENTS APPLICABLE TO PHYSICAL COLLOCATION

The following additional requirements shall be applicable to Physical Collocation only:

1. For each building in which Collocated space is provided and upon request by Requesting Carrier for that building, Ameritech will certify that the building complies with all applicable Ameritech internal environmental, health and safety regulations.

2. Ameritech shall permit Requesting Carrier to install, on equipment node enclosures, an intrusion alarm that can be remotely monitored by Requesting Carrier's work center; provided, however, that no such Requesting Carrier-installed equipment shall interfere with the existing use of the Central Office and such installation shall be at Requesting Carrier's sole cost and expense.

3. Ameritech shall construct the Collocated space in compliance with Requesting Carrier's request for Collocation for cable holes, ground bars, doors, and convenience outlets as such are requested by Requesting Carrier at prices to be determined.

4. Ameritech shall provide Requesting Carrier two options to receive power for its collocation space. When ordering Physical Collocation, Requesting Carrier shall specify that Ameritech provide Central Office power to Requesting Carrier either (i) from an Ameritech BDFB to each of Requesting Carrier's equipment bays or (ii) in the form of fused power feeds from Ameritech's main power distribution board to Requesting Carrier's BDFB located in the designated Requesting Carrier equipment area. The power feeders (cables) shall efficiently and economically support the requested quantity and capacity of Requesting Carrier equipment. The termination location shall be as mutually agreed upon by the Parties. If Requesting Carrier chooses to receive power via the fused power feeds, it shall pay Ameritech for all costs, as determined in accordance with the Act, incurred by Ameritech to establish such power.

5. Where available and consistent with reasonable security restrictions, Ameritech shall provide reasonable access to eyewash stations, shower stations, bathrooms, and drinking water within the Collocated facility on a 24 x 7 basis for Requesting Carrier personnel and its designated agents. Ameritech shall also provide Requesting Carrier reasonable access to parking at Ameritech's Premises, where applicable and on a nondiscriminatory basis at which Ameritech employees receive access to parking.

6. Requesting Carrier or its vendor may not temporarily or permanently remove, dismantle or modify any portion of its or any Other Collocator's cage enclosures.

7. Requesting Carrier (and its Resident Collectors) shall adhere to all rules and regulations that apply to Collocation at Ameritech's Premises. If Requesting Carrier, or any vendor performing work on its behalf, violates such rules and regulations, Requesting Carrier (and/or such vendor) shall be subject to disciplinary procedures and, if such violation causes Ameritech to incur any costs, Requesting Carrier shall promptly reimburse Ameritech for such costs.

8. To maximize available space, Requesting Carrier is responsible for removing any equipment, property or other items that it or its vendor brings into Ameritech's Premises within thirty (30) days after discontinuance or termination of any Physical Collocation arrangement. If Requesting Carrier fails to remove such materials by the foregoing date, Ameritech may remove such equipment and/or materials and charge Requesting Carrier for any and all claims, expenses, fees or other costs associated with such removal. Requesting Carrier shall hold Ameritech and any vendor that performs such removal harmless from the failure to return any such equipment, property or other items.

9. Ameritech power equipment supporting Requesting Carrier's equipment shall:

- (a) Provide appropriate Central Office ground, connected to a ground electrode located within the Requesting Carrier collocated space, at a level above the top of Requesting Carrier's equipment plus or minus two (2) feet to the left or right of Requesting Carrier's final request; and
- (b) Provide feeder capacity and quantity to support the ultimate equipment layout for Requesting Carrier equipment upon completion of the equipment node construction in accordance with Requesting Carrier's request for Collocation.

10. Ameritech shall within ten (10) Business Days after the initial walk-through provide Requesting Carrier with documentation submitted to and received from contractors for any work being done on behalf of Requesting Carrier that will be billed as extraordinary expenses.

11. Within thirty (30) days of Requesting Carrier's written request, Ameritech shall provide to Requesting Carrier (i) work restriction guidelines related to any restrictions on the manner in which Requesting Carrier can perform work on Ameritech's Premises and (ii) a list of Ameritech technical guidelines applicable to the Collocation of equipment in Ameritech's Premises. Requesting Carrier acknowledges that it is responsible to order such technical guidelines at its cost and expense. Ameritech will

notify Requesting Carrier in a timely manner of any changes to such work restriction and technical guidelines.

12. Requesting Carrier shall not, without the express permission of an Ameritech employee, use any Ameritech equipment, furniture, frame, tools or other personal property.
